The program is administered according to federal rules permitting employer-sponsored wellness programs that seek to improve employee health or prevent disease, including the Americans with Disabilities Act of 1990, the Genetic Information Nondiscrimination Act of 2008, and the Health Insurance Portability and Accountability Act, as applicable, among others. If you choose to participate in the wellness program you and your spouse, if spouse is on the Mohawk Health Plan, will be asked to complete a biometric screening, which will include a blood test and height, weight and waist measurements for blood pressure (systolic and diastolic), glucose, including A-1C, cholesterol, body mass index. You are not required to participate in the blood test or other medical examinations.

However, employees who choose not to participate in the wellness program will receive a Wellness Surcharge of \$125 per month or \$28.85 per week. Although you are not required to participate in the biometric screening, only employees and covered spouses who do participate will not receive the Wellness Surcharge.

If you are unable to participate in any of the health-related activities or achieve any of the health outcomes required to meet the biometric standards, you may be entitled to a reasonable accommodation or an alternative standard. You may request a reasonable accommodation or an alternative standard by contacting the Mohawk Benefits Service Center at 866-481-4922.

The results from your biometric screening will be used to provide you with information to help you understand your current health and potential risks, and may also be used to offer you services through the wellness program, such as health coaching and pilot health programs. You also are encouraged to share your results or concerns with your own doctor.
